THE MIRVAC GROUP

2nd February 2007

Davines Pty Ltd
PO Box 8
Rozelle, NSW 2039

To Whom It May Concern,

Mirvac is a leading integrated real estate group, with approx \$27 billion of activities under control across the real estate spectrum.

Established in 1972, Mirvac has more than 36 years of experience in the real estate industry and has an unmatched reputation for delivering quality products across all of its businesses.

Mirvac is one of the leading brands in the Australian development and construction industry and has a proven track record of delivering innovative and quality products that exceed customers' expectations

It gives me great pleasure to offer this reference for Davines Pty Ltd as they have been a partner working with Mirvac for over 10 years.

Davines have worked as building and carpentry contractors on many of Mirvac's prestigious projects.

Amongst these projects are the Ikon Apartments project in Potts Point, the Latitude Building in Milsons Point and the Magenta Shores project on the Central Coast of NSW in recent times.

Davines have contracted on these projects from small detailed works right up to major total works.

Homes and apartments in these projects have sold up to \$5.5 million therefore it is important the high quality of works is maintained along with speed & safety.

Davines have delivered in all these areas.

Chris Davine, as the principle of Davines, has displayed a high level of professionalism and integrity and is responsive to all requests and tasks. He shows a willingness to react to and resolve both clients and consultants needs.

I would have no hesitation in recommending Davines as your contractor and would be pleased to speak on their behalf if required on 0411 250 165.

Regards

Gavin Rea
